PROFILE

Motivated and detail-oriented Software Engineering graduate with a Bachelor's degree from GIFT University (2020–2024) and currently pursuing an **MS in Computer Science**. Hands-on experience in Software Quality Assurance and UI/UX Design. Passionate about Software Quality Assurance with a strong drive to grow into Automation Testing.

WORK EXPERIENCE

Software Quality Assurance ,Appverse Technologies

June 2026 – August 2026

- Executed manual testing for web and mobile applications.
- Created and executed test cases, test scenarios, and QA documentation.
- Reported and tracked defects with clear reproduction steps and severity.

UI /UX Design , DevelopersHub Corporation

April 2025 - July 2025

- Conducted user research and designed UI/UX prototypes for a social networking app using Figma.
- Created wireframes and interactive prototypes to enhance user experience and usability.

ACEDAMIC PROJECT

Food Panda System | Manual QA Tester

- Designed and executed **20+** manual test cases covering end-to-end user flows (login, cart, payment, order confirmation)
- Delivered **IEEE 829** Test Plan with test scenarios, pass/fail criteria, and risk mitigation strategies

EDUCATION

Dec 2025 - present

Master of Science in Computer Science

Gift University Gujranwala

- Coursework: Advanced OS, Analysis of Algorithms, Advanced Computer Architecture More.
- Enhancing skills through hands-on projects and emerging technologies research.

Bachelor of Science in Software Engineering

Nov 2020 - Dec 2024

Gift University Gujranwala

- Relevant Coursework: Operating Systems, Machine Learning, Artificial Intelligence, Software Quality Assurance, Software Re-engineering More.

ADDITIONAL INFORMATION

- **Testing:** Manual Testing, Testing Technics, Test Case Design
- **Frontend:** React JS, UI/UX Design, Figma
- **Backend:** Node JS, Firebase
